A JUDICIAL apportionment bill which roposes to add six or seven to the num- er of Common Pleas Judges we already ave in Pennsylvania is one that cannot e encouraged, and, we should say from hat is already known of Governor Hast- gs' position, one that might easily call r the Executive disapproval. It would e much wiser under all the circumstances r the Legislature to pursue a reasonable d just course in this matter, and not im- se upon the people the cost of maintain- g additional Judges where such are not cessary. The addition of half a dozen more Common Pleas Judges, totally necessary to our judiciary establishment, eans a permanent expense to the State from $ 0,000 to $50,000 a year. The ople ought to be down on that sort of ng because it is perfectly well known it not required.

WEEKLY FINANCIAL REVIEW.

From our Regular Correspondent.

NEW YORK, March 16, 1895.

In Wall Street, there are the beginnings of a stirring among the dry bones. The new conditions introduced by the syndicate operations and the relief afforded by the close of Congress have awakened fresh interest, and the general aspect of the market is indictative of new life. There is a general feeling that the change of situation removes many obstacles to operations and affords a more definite and safer basis for engagements extending into the future; and investors and speculators are therefore inquiring what securities afford promise of an early improvement in value. As might be expected after such a hard experience so long protracted, this movement is checked by a certain remaining caution and therefore its effects make no great show on the surface at the moment; but not the less surely does it signify the beginning of recuperation confidence and an improvement in values.

In the present stage a continuous source of depression hangs over the market in the uncertainty about dividends of railroads or cases of actual reduction. This is an effect of the diminished earnings of many months past, and does not represent the actual present condition of the properties; which, as a rule, are really in a better dividend-earning position now than during the period represented by the recent and current dividends. These effects of bad past business have been discounted in anticipation; but still when the reductions of dividends actually occur they are apt to be attended with some further depressing effect. Besides this cause, there are also others which tend to encourage a conservative feeling even on the "bull" side of the market; but, on the other hand the "bears" are becoming actually careful about their risks. Under these circumstances, the improving tone of the market fails to find full expression in the volume of transactions. It would be a mistake therefore to measure the future of the market by its surface aspects at the present moment. The coming business and the future of prices must be estimated from the force of the new factors that are now entering into the situation, but which are held in temporary check by old distrusts and by the caution begotten of a host of now disappearing discouraging conditions. As these obstacles wear away, the new factors connected with healthier national conditions will have a fuller effect; and herein lie the reasons for expecting a steady developement of bullish tendency.

Wall Street keeps a quick eye upon the prospects of the suggested international silver conference. It sees in the adoption of a world-wide policy of bi metallism the certainty of material increase in the metallic money of the commercial nations, and assumes that, in such case, there would be a general rise in values and a consequent speculative boom of wide dimensions. At present, there is no real certainty about the calling of such conference but the probabilities seem to preponderate largely in its favor. At such a gathering, one of the gravest points of discussion must be the adoption of a reduced valuation of silver. What ratio between the two metals would satisfy the conservative European nations it is not worth while to speculate upon; but no doubt they would insist upon a material departure from the present standard of 14½ to 1. At this point becomes a matter of much regret that, of the delegates provisionally selected by Congress to represent this country in such a gathering, so large a proportion are strongly committed to the ratio of 16 to 1. Judging from their determined insistance on this point, it is not impossible that they might go to the length of presenting that as their ultimatum; though it is to be presumed that the President would put in his "instructions" some limitations upon their discretion.

It is therefore desirable that publicopin ion favoring an international method of settling this question should make its influence felt as against any insistence upon proposals which the European powers might be counted upon to reject.

It needs some explanation why the silver leaders of the mining States so persistently insist upon free coinage at the ratio of 16 to 1. They seem to be more than indifferent about international action; and yet, unquestionably the international basis would afford much more promise of stability than would isolated national action. This must be clear to any man not blind from prejudice; indeed it is so clear that a large proportion of the friends of silver would probably reject free coinage upon any basis short of an international compact. Why, in the face of these facts, do the mining leaders insist upon national action? Their principal reason is that they are well aware that European co-operation would be impossible without the adoption of a re-valuable of silver more or less approximating the reduced market value of silver bullion. That, say the miners, would make impossible the complete recovery in the price of silver; which is the supreme object they, as producers, have in view. They are concerned solely with the value of their output; and considerations affecting the quality of money, which may appear important to many of their followers, have nothing to do with the solely industrial purpose which controls the mining interest. They consequently insist upon a settlement that would enable them to get a dollar for 371.25 grains of silver while other nations might insist upon valuing the metal as possibly 450 to 500 gains to the dollar. Here comes out the utter selfishness of the silver miners in opposing international free coinage. It is the old story of blind selfishness,—sacrificing a good bargain by demanding a one-sided contract.

The general conditions of the country since the adjournment of Congress have materially improved and have now reached a stage where the judgment of business men will hereafter be the guide, instead of business affairs being dominated by what Congress was or was not going to do, as heretofore. This means a great deal in trade circles from now onward. Confidence may, therefore, be expected to gradually increase, and business courage will come back with it. This means a new departure and, instead of the business of the country being restricted to a retail basis, it will gradually broaden and develop into wholesale transactions on an important scale, which increased confidence and courage will bring about by trade purchases being made ahead of wants and not confined, as for a long time past, to a hand-to mouth policy. Buyers of late are very numerous in the city from all parts of the country and have shown an inclination to pick up supplies that are cheap in very much increased quantities. An enlarged merchandise business will go far to help the railroads between now and the harvesting of the next crop. The settlement of the bituminous coal dissensions shows "where there's a will there's a way," and the same treatment should extend to the anthracite properties. A settlement, therefore, may be arrived at soon, which will be another cloud uplifted. The quick action by the Committee in the reorganization of the Whiskey Trust gives encouragement and is an evidence of what can be accomplished through energetic action on the part of reorganization committees. It is to be hoped that similar enterprise will be infused into the Atchison, Northern Pacific, and Reading Committees so that the country can derive the advantages that will come from those properties being reconstructed and again put on their feet.

Mattern Family Reunion.

A meeting of representatives of the Mattern family occurred in Herald hall Tyrone, recently. In the absence of Hon. J. W. Mattern, of Huntingdon, president of the reunion arrangements committee, J. W. Mattern, of Philipsburg, was called to the chair, while Dr. W. H. Flenner, of Tyrone, occupied his place as secretary. A communication from Hon. J. W. Mattern was read stating that be was quite sick and unable to be present. Some discussion arose as to the propriety of changing the time fixed at a former meeting for holding the family reunion, but no change was made, and it will occur at Warriorsmark on the 13th of June next. The reunion will be in the form of a basket picnic and will be held in the beautiful grove adjacent to that town.

A committee was appointed to procure suitable badges for the participants in the reunion, and one was appointed also to arrange for invitations, etc., with a view to getting notice to everybody interested of the date and place where the reunion will be held. All members of the family and the connection are privileged to invite their friends to be present. Reports were heard from some of the members of the historical committee who are progressing in the work assigned them, and it is expected that the preparation of the family history will be most complete. The president of this committee is Hon. Jonn W. Mattern, of Huntingdon and the secretary is C. S. W. Jones, of Tyrone, either of whom may be addressed concerning matters of history of the family. A program of exercises will be arranged, and among the numbers upon it will be an address of welcome and other addresses by persons who will be selected by the committee. In short, it is expected that the arrangements will be well made and a jolly good time will be had at Warriorsmark on the 13th of June next.

WASHINGTON LETTER.

Washington, March, 18 1895.

from Our Regular Correspondent.)

A verbat in the report of Mr. Cleveland's conversation with Secretary Gresham concerning the diplomatic happenings of the past week would unquestionably make what the late Horace Greely would have called "mighty interesting" reading but as neither of the principals in that interview are likely to tell what was said the country will have to wag along without the knowledge. It has leaked out, however, that Mr. Cleveland thinks it would have been just as well had Secretary Gresham, who is still far from well, not been in such a hurry to prepare and send that demand to the government of Spain, and that he would have been better engaged in trying to nurse back his strength.

Allow that the facts are as they have been stated by the captain and other officers of the Alliance, the language of Secretary Gresham's demand for an apology from Spain and for the issuing of such orders to the commanders of Spanish warships as will make it certain that no other vessel flying the U. S. flag and engaged in a legitimate business will be fired upon, was all right, although unnecessarily strong, but there was no occasion for such undue haste. Americans with all their other faults are credited by all the world with a love of fair play. It is therefore unfortunate that an American Secretary of State has been guilty of threatening a weaker nation upon an exparte statement of a case, in the face, too, of an assurance from the Spanish minister that he would present a statement of the other side as soon as the Spanish authorities in Cuba could communicate with the gunboat which is charged with having fired at the Alliance; and of the further assurance from the Spanish minister that his country would apologize if the firing had taken place as charged unless it could be justified in a manner satisfactory to this government. While it was thoroughly diplomatic for the Spanish minister to have publicly criticised Secretary Gresham's action, in ignoring his assurances and making a direct demand, which really is an ultimatum, upon Spain, it certainly is not surprising. One does not cease to be a man upon becoming a diplomat, whether he be a Spaniard or an American.

It is not difficult to put one's finger on the reason for Secretary Gresham's hasty action. Nor is that reason creditable to him from any point of view. His action is nothing more nor less than an attempt to restore to the present administration the popularity which it has by its incompetence lost, by putting it in the position of championing the American flag. He knew there was no danger in sending a buncome ultimatum to Spain, which would necessarily submit to any humiliation to avoid war with the United States. He acted hastily because he feared that if he waited a reasonable time the matter would be explained and the opportunity to tickle the jingoistic faculty (which notwithstanding their love of money is a prominent national trait) of the American people, would be forever lost. It is rather late for this administration to try to pose as the protector of anything American, either abroad or at home after having turned over much of our manufacturing to foreigners and even allowed a syndicate of foreign bankers to raid the U. S. Treasury. The people of country know what real republican protection, at home and abroad, is, and they cannot be taken in by any such rank counterfeit as that now put forward by Secretary Gresham.

David B. Hill—not the senior Senator from New York, but a tramp from nowhere—is serving a sentence of fifteen days in the Washington workhouse, because he could not pay a fine of $5, which was imposed upon him in the police court, for being drunk and disorderly and trying to make a bed of the sidewalk.

The commissioner of Pensions has met another defeat in court, and it is the belief of lawyers that it furnishes a precedent for the restoration of every pension which has been reduced or stopped since Dec. 12, 1893, until after the pensioner has been served with the legal thirty days notice containing a "full and true statement of any charges or allegations upon which it was proposed to reduce, modify or drop his pension."

The case in which the Commissioner was defeated was that of Gen. William Shakespeare, of Mich., whose pension was reduced from $72 to $30. The Commissioner acknowledged, in his answer, that the contention of Gen. Shakespeare's counsel as to the thirty-day notice was correct, and stated that the pension had been restored.

Spain, Cuba and America.

It is rather premature to talk about war with Spain over the Allianca incident. Spain wants no war with the United States. She will be diplomatically reserved about the affair and will not be in any haste to acknowledge that the unknown officer who fired on Allianca exceeded his rights; but there will be proper expressions of regret and good will, and even the point of the three-mile limit will be yielded, if necessary, rather than allow a rupture with his country.

Any such rupture could have but one result in the end—the loss of Cuba to Spain. The authority of the home government in that great colony, the richest of Spain's possessions, and the most that is left of her once world-wide empire—is maintained by constant effort, and no small part of the difficulty of the task comes from the danger of complications with the United States. General sympathy among Americans is naturally with the Cubans, and though our government has always exercised due diligence to prevent actual interference in their behalf, it has done so merely out of a sense of international duty and courtesy. If its good offices were returned by unfriendly acts, a situation would arise that must be greatly to the advantage of the Cubans, even though it did not involve the two nations in actual hostilities.

This is evidently the reason why the Cubans living here have been so excited over the Allianca incident, and there are probably not many Americans who would not be more than satisfied if the Spanish Government should be daring enough to push the incident to the point of rupture. The unsettled state of Cuba has been a source of irritation to this country for many years, and we are quite justified in insisting upon assurance against annoyance to our commerce, and even upon enforcing the assurance, if necessary, by military means. This would mean so much to Spain that there is very little likelihood of her giving us the opportunity. Yet there can hardly be a doubt that if the liberation of Cuba could be brought about with no sacrifice of national honor it would meet with universal approbation.

A Spanish Failing.

The firing upon a steamer flying the United States flag by a spanish war vessel is occasioning considerable stir. That it can be made a casus belli, however, is a contingency practically impossible on account of the number of loopholes through which the Spanish Government can get out of the difficulty.

It is impossible for Spain to raise the questions of fact first whether the vessels were within the limit of Spanish jurisdiction, under which her vessels have authority to stop other vessels; or, failing that, whether the firing was more than a shot across the bows, which is not regarded as firing on a vessel. Finally, all the recourses of delay and avoidance being exhausted, the Spanish Government can with much less humiliation than in the Virginius affair disavow the act and disclaim any intention of forcing the right of search, which is the meat of the difficulty.

Of course, if the facts are stated in the press reports, it is the duty of the United States to protect its marine commerce by prompt diplomatic proceedings. Steamers under the United States must not be fired on, either in peace or war, by the naval vessels of any nation. When there has been an insurrection in Cuba the Spanish navy has been rather prone to that practice; but there has never been serious difficulty in bringing the Government of Spain to a perception that it would not do.

TO SINK ANOTHER WELL.

So Say the Directors of the Salt Lick Gas and Oil Company.

The annual meeting of the stockholders of the Salt Lick Gas and Oil Company was held Monday night at the Fallon House Lock Haven. There was a large attendance and 564 shares of stock were represented at the meeting. The election for directors of the company resulted as follows; Hon. M. H. Kulp, Shamokin; Samuel Christ and J. W. Smith, Lock Haven; F. C. Coudriet, Frenchville; O. T. Switzer, Philipsburg; M. D. Kelley and T. C. Buddinger, Snow Thoe; J. H. Hunter, Pottersdale; J. Q. Miles, Centre county; J. A. Heckendorn, Karthaus; I. C. McCloskey, Belford.

The following were elected officers for the ensuing year:

President, I. C. McCloskey; Vice President, Samuel Christ; Secretary and Treasurer, George R. McCrea.

A resolution was adopted authorizing the president and secretary to sell 400 more shares of stock. One hundred of the shares were taken at once by stockholders present at the meeting.

The company has leased 6,000 acres of land in the Karthaus region, and decided at the meeting that night to commence the work of putting down another well as soon as the weather permits. The new well will be drilled about one mile from the spot where the well was put down last fall.

The members of the company have full confidence that oil exists in paying qualities in the Karthaus region, and are determined to test the matter thoroughly. Geologists to whom the "sands" taken from the well which was drilled last fall were submitted say there is no doubt about striking oil in that region.

The snow in that section is from 3 to 4 feet deep and nothing can be done at present on account. The drilling of the well will be begun as soon as the snow and the weather permits.

A New Party.

The birth of a new party in Lafayette Hall is an interesting event, especially since that traditional locality made such a success in the first party that claims it as its birth place. There have been several attempts to repeat the example with but indifferent success, since the younger brood have as a rule died in early infancy. The gathering yesterday seems especially designed to give the old hall a chance to repeat its record before it is torn down to make room for a bank building, although the party alleged to be born bears so strong a resemblance to some predecessors as to lie under suspicion of being born again.

The new party stands on the pivotal principles of "recognizing God as the author of civil government" and "the abolition of the drink traffic," with the incidental settlement of other issues by declaring for "such other economic, financial and industrial reform as are needed in this country." This may seem rather indefinite, but some knowledge of the new party may be gained by the declaration of the chairman that the "nation should issue all the money and the banks be the property of the Government," that he is "not ready to debate the Government ownership of railroads," but "submits that bi-metallism is a great question.

These utterances may be constructed as intimating that there are some very important matters of public policy on which the new party leaders do not know very much more than some of the older ones. It is certain, however, that so far as they are positive the new politicians are acting on earnest and sincere convictions, which is more than can be said for a good many party leaders with an immensely larger vote behind them.

What They Want.

On March 6th the DAILY NEWS published a communication from P. J. Gill, of Falls Creek, in which he stated that a party there was seeking a location for a wire glass factory, and recommended him to the favorable consideration of the Bellefonte Board of Trade. On Tuesday the party was in Bellefonte and looked over the ground and Tuesday night there was a special meeting of the Board of Trade to see what could be done; but, we are sorry to say, there was nothing done. And the reason was most likely because of the proposition made by the stranger who asked the following: Twenty thousand dollars in cash, the glass works free of rent for a term of five years; free water supply and exemption from taxation for the same length of time. As this certainly seems a good bit to give with no assurance of a good return, it is not at all likely Bellefonte will get the wire glass factory.

TURNING ON THE LIGHT.

The Blair County Auditors Make Things Lively.

Hollidaysburg, Pa., March 13.—At the Blair county auditors' investigation today the commissioners' system of bookkeeping was attacked as both false and faulty. It was claimed that the commissioners' clerk had not recorded the vote of Mr. Fagley, the minority member of the commissioners' board, against the letting of extravagant contrrcts and had dumped his written protest into the vault instead of spreading it upon the minutes. Clerk Hostler acknowledged that he had purchased a liquid ink eraser last year, but denied that he had tested its merits with the treasury drafts. The internal strife in the county commissioners' office was evidenced in the testimony of Solomon Beegle. He swore that Funk had said in an interview, "Jack and I run the county. Fagley is stubborn." Funk denied the interview. Contractor G. B. Gardner testified that the contract held by Commissioners' Clerk Hostler could have been performed at one fourth of the contract price. He was willing, he said, to t ke the contract at his own estimate of its worth and give bonds for faithful performance.

Dr. D. C. Confer testified that he had professionally treated Commissioner Funk four days last year. The commissioner had counted those days in his time for serving the county. A curious feature of time charged up by Commissioners Funk and Hurd is that each claims 306 days. This count leaves seven holidays and 52 Sundays to complete the year of 365 days. The commissioners' minute book fails to disclose that the county's business demanded such close attendance of the officials, the favorite entry for several days being "this is a dull day."

The county auditors to-day appointed J. Luder Henry, an expert engineer, to examine the several bridges built by the commissioners and withheld their approval of the bridge contracts.

The new commissioners spent $86,000 more than did the old board the year before, notwithstanding the fact that the old board was subjected to the extraordinary expenditure of $50,000 for a new alms house. The investigation was continued until next Wednesday, when the attorneys will review the evidence. Auditors' Attorney Dively stated that he will then petition the court to declare the commissioners' offices vacant.

Three Men Cremat

Hendrick[illegible], W. V., March [illegible] Junkin's hotel at Macleyme[illegible] from here, was consumed last night by fire. Three men were burned to death and three more were injured so that two of them will die. Loss to property $5,000.

The burned are: Homer Collett. E. R. Sixton, 'Squire A. S. Corley.

The injured are: James Junkins, S. Williams, J. Caffner.

Fifteen persons escaped by jumping from windows.

The dead are single men. Hotel and store are a total loss, amounting to about $5,000, and no insurance.

Lane is Alive and Kicking.

Washington, Pa., March 13.—Harry Lane is undoubtedly alive and living at Manitobia, Canada, under the assumed name of Harold Ellsworth. Since his disappearance he has been receiving the Washington papers regularly and has written letters to people other than his relatives, one of them being Jack Zediker, the man who was suspected of having killed Lane, and with whom Harry wished to become reconciled. At first Lane's relatives did not believe the letters were from Harry, but the writer's evident familiarity with all the amily secrets finally convinced them.

It is expected that Lane will be brought back here within the next few days and prosecuted for his numerous debts and for selling whisky on his huckster route.

A Frightful Accident.

Sharon, Pa., March 13.—By the flashing of flames from the door of an annealing furnace in the Sharon iron works late this afternoon five employes were frightfully burned. The burned are: John Strause, burned about the face, arms and body; his condition is thought to be serious. Emanuel Brandt, burned about the arms and legs. Arthur Bailey, burned about the arms. Thomas Boyd and George Storm were slightly burned. When the flames burst forth from the furnace the men were completely enveloped in fire. Strauss seemed to lose all reason and began running through the mill, his clothes all aflame. He was caught by mill employes, and their quick work saved him from being burned to a crisp.

Kansas City Fire.

Kansas City. March 13.—Fire destroyed between $300,000 worth of property at Fourth and Broadway this evening. The four-story building occupied by the English Supply Company, dealers in engine upplies and wrought iron materials, and the five-story brick building occupied by the Western Newspaper Union and the Great Western type foundry, were totally destroyed. In the second building was a great quantity of type and type material, besides six cylinder presses. The Western Newspaper Company printed "patent inside" for 200 western newspapers, and employed a big force.

Found the Odor of Oil.

DuBois, Pa., March 13.—About the first of the year some parties started a drill to explore for natural gas about two miles west of this place. The work has been proceeding rather slowly since, with no exciting indications of gas, but this afternoon the drill reached the second sand at a depth of 2,000 feet and the workmen became elated over the presence of oil in the sand. The substance brought up out of the hole was well saturated with oil. The possibilities of an oil campaign are being elaborated upon with all shades of confidence.

A Valuable Arm.

Norristown, Pa., March 14.—For the loss of his left arm Charles Baker was today awarded $10,280 by a jury. The suit was against George Hagy, of Plymouth township. Baker was a one armed man and was employed by Plymouth township to operate the township stone crusher. Hagy operated an establishment along the public road where steel ignots and condemned cannon were broken up with dynamite. During a blast in April, 1893, a piece of steel from an ignot that had been shattered struck Baker on his only arm and permanently destroyed its use, leaving him helpless.

The Cows Had Tuberculosis.

Philadelphia March 14.—That some of the cows at the Norristown asylum had at one time been afflicted with tuberculosis and had been killed, and that some of the employes at the asylum had put water into milk furnished to inmates, was proved to-day. Two facts were brought out at the all day session of the legislative committee that is investigating the asylum and which met here to-day. Almost the entire session was devoted to tuberculosis, in which several veterinary surgeons and some employes gave testimony.

'Frisco Morality.

San Francisco, March 13.—Chief of Police Crowley denies the assertion of Max O'Rell that the illegitimate children born in Paris annually are not more than one-third as many as those born every year in San Francisco. Chief Crowley says this city is not half as immoral, on the lines suggested, as any of the large manufacturing cities of the United States, England or the continent, where young girls and women are thrown in daily contact with irresponsible males of their own age.

Held a Short Session.

Harrisburg, Pa., March 15.—The house met this morning at 9 o'clock. The senate bill directing that instruction be given in the public schools by means of pictorially illustrated works in any of the several branches now taught, was remitted.

Mr. Nickell, of Philadelphia, offered a resolution making a special order for the joint resolution proposing amendments to the coustitution for Tuesday next at 11 o'clock. The resolution amends the constitution by doing away with the February elections. The resolution was defeated.

The house passed forty-six bills on first reading, and at 10.50 adjourned until 8 o'clock Monday evening.

Cannot Arrive at Details.

Columbus, O., March 15.—The board of control of the Ohio coal pool is still in session here arranging the details. This will be the headquarters of the pool and there will be a meeting of the board of control here once a week. Every two weeks the representatives of the traffic association will meet here with them.

While the members of the pool are very reticent, it is known that the plan was at first to form a coal trust, but this idea was abandoned as impracticable and the originators were obliged to be content with a coaling pool.

Dislocated Her Jaw.

Steubenville, O., March 15.—Miss Cora Hull, a young lady of this city, is in a sad predicament, as she dare not laugh or yawn, owing to a peculiar accident. Yesterday morning when she awoke she threw her head back and yawned, and at the same time something snapped and an excruciating pain shot through her head. Her mouth was stretched wide open and she could not shut it. A physician was summoned. He discovered that she had dislocated her jaw and it was only by difficult work that it was pressed into place.

LOTTERY KING ARRESTED

The Wilkesbarre Times Has Caused Quite a Sensation.

Wilkesbarre, Pa., March 14.—A sensation was created in this city to-day when Chief-of-Police Briggs and a squad of officers raided the "Commission brokerage" office of John Wurzberger and the inmates. Wurzberger is known all over northeastern Pennsylvania as the "lottery king of Luzerne county," his brokerage business being merely a blind. For the past ten years he has been selling tickets openly and it is estimated did a business of over $120,000 a year.

Wurzberger was taken before Mayo Nichols and after hearing was fined $50 and held under $500 bail for court. The police, when the raid was made, found several thousand dollars worth of tickets of all the lotteries doing business and also lists of his regular customers, showing that bankers, doctors, lawyers and prominent business men were spending large sums monthly through Wurzberger's agency.

The raid was made at the instance of the Wilkesbarre Times the editor of the paper appearing as the prosecutor. The Times, to-night, states that it has proof that the late G. A. Lohman put $1,100 in the lottery shortly before he committed suicide, and that ex-Banker Rockafellow, now in the eastern penitentiary, sunk thousands of dollars in lottery tickets. Wurzberger had agents in surrounding towns, and, it is alleged, also used the United States mails extensively in conducting this business.

Wurzberger's victims in his nefarious traffic included all classes of people, hundreds of ignorant Polish and Hungarian miners spending all their savings for tickets. The arrest and confiscation of the list of customers created much consternation and the mayor was besieged by prominent people who pleaded with him to have their names suppressed.

"The Land of Flowers."

If the general sentiment concerning the Pennsylvania Railroad Company's personally-conducted tours to Florida is to be taken as an index of their popularity, they may in all verity be styled the ideal tours.

The next and last of this season's series of tours to Jacksonville will leave New York and Philadelphia on March 26, and the rate, including round-trip transportation and meals and Pullman berth on special train going, is $50.00 from New York and $48.00 from Philadelphia; proportionate rates from other points. Tickets for this tour will be good for return passage on regular trains until May 31.

The number of persons for which accommodations can be provided is necessarily limited, and it would therefore be prudent for those who desire to join this party to make early application for space.

For further information apply to Ticket Agents, or address Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia, to whom application for space should also be made.

Death of Mrs. J. F. Sebring.

Word has reached this place of the death of Mrs. John F. Sebring, which occurred at her home at Centre Line about one mile west of Lonaville, in Halfmoon township, this county on Wednesday night, death being caused by heart failure. The deceased was aged about 38 years and was a daughter of Mr. and Mrs. Henry Buck, of that place, both deceased, and is survived by but one brother, Miles Buck, who lives on the old homestead. The funeral will take place to-morrow morning at 10 o'clock and interment will be made in the Lutheran cemetery at Centre Line.

Other Counties.

A contract has been let for the erection of a Y. M. C. A. building at Bulter, Pa., to be completed by September 1, at a cost of $11,000.

The Mountain coal company at Dunlo, Cambria county has sold to Kunhs & Goodwin some timber land, on which the firm will erect a plant to turn out 40 000 feet of lumber daily.

It is said at Blairsville that the Cambria iron and steel company will buy the Isabell coke plant from Shang, Chalfant & Co. and will erect a large blast furnace, besides using the German process for making coke.

The Tionesta Vindicator says the ground is frozen to a depth of four feet in places in that vicinity.

Fred Kerr, second son of ex Congressman James Kerr, of Clearfield, has been appointed to a cadetship at West Point military academy, by Congressman Kribbs.

Jonathan Kelchner, aged 65, a shoemaker of Altoona, was recently divorced from his wife. Last week he married a young woman more than forty years his junior. Friday Kelscher was arrested and held for trial on charge of breach of promise preferred by Miss Annie Dressler.

Progress of the Strike.

So far, the results of the coal miners strike go far toward indicating that their judgment as to the probable success of the movement was better than that of general public opinion. The railroad operators still declare they will not give the advance, but the fact that some of them done so has additional weight by the concession of the rate in the river mines. On this showing the prospects of the strike for early success can faily be considered bright.

The great mass of the public will be glad to see the attempt to raise mining wages reach complete success. There was practically no dispute that the old rate was too low, but the doubt was whether it could be raised by a cessation of work, and if so, whether the rate could be maintained. At present the indications on the first point are on the side of the miners. The second question whether the 69c rate can be maintained with a few large mines working at a materially lower rate is still doubtful.

Now that the miners have secured a measure of success, it is to be hoped they will be able to establish the rate demanded, and then, in union with the operators who concede it, take measures by which it can be made uniform and permanent.

In Nearby Counties.

The tannery, bark mill and leach house at Jamison City, near Bloomsburg, were burned Monday, Loss $25,000

Henry Paile, fire boss at the Port Royal mines, was acquitted of the charge of causing the death of a miner by his negligent inspection.

Several persons in Williamsport were severely shocked by the thunder and lightning which passed over that city Saturday morning.

The Mountain coal company at Dunlo, Cambria county, has sold to Kuhns & Woodwin some timber land, on which the firm will erect a plant to turn out 40,000 feet of lumber daily.

At Williamsport Saturday George Sweeds aged 16, in jumping from a moving freight train on the P. and R. railroad, fell beneath the wheels, had both legs crushed, and died a few hours after.

The Blair county auditors are investigating the accounts of the county commissioners. They are hearing testimony and have unearthed many irregularities, much looseness, and unexcusable extravagance. The investigation is giving the tax payers something to think about.

The Judicial Apportionment.

The House Judicial Apportionment Committee has brought out a bill which practically locates the judicial districts in their present shape, except that it creates six additional Judgeships. Centre is detached from Huntingdon and made a separate district. Schuylkill is given a separate orphans' court and Delaware, Lancaster, Washington and Westmoreland are each given an additional law judge. The Senate Judicial apportionment committee is not expected to make any change in the bill.

Trout Season.

Monday four weeks, April 15th, the season for legal catching of trout will open, and our sports are already beginning to hunt up their tackle. It would be a relief to every one if that big trout that is seen by every fisher—the one that got away—would be hauled out and the tale die a natural death.

Tendered His Resignation.

Harrisburg, March 14.—Superintendent of Public Printing W. Hayes Grier, to-day tendered his resignation to the governor. It is thought the governor will not accept it until after the bill increasing the salary of the office from $2,000 to $3,000, which is on the house second reading calendar, passed.

—Among the sick in Bellefonte are the venerable E. C. Humes and Jacob Thomas, both of whom are confined to their respective homes.

—The members of the graduating class of the Bellefonte High School were entertained on Wednesday evening by Miss Nellie Anderson, at the home of her parents on East Bishop street. Refreshments of the most delicious kind were served during the evening and it is needless to say were greatly enjoyed by all the young ladies and gentlemen present. If they should never again all meet together outside the school room this evening will be long remembered as one of the most pleasantly spent of their lives.

The First Time Since Christ's Death.

Astronomers say that on Good Friday next, April 12, the heavenly bodies which gravitate round the sun will be in exactly the same position they occupied in the firmament the day Christ died on the cross. It will be the first time such a thing has occurred since that great day, 1,862 years ago. That was the thirty-third year of the Christian era, which dates from the birth of Jesus Christ. At 11.20 p. m., on April 11, New York time, the moon will pass before Virginia (Spica), and hide that constellation for over an hour.

The Groundhog Was Right.

No one will have the temerity at this time to dispute the fact that when the groundhog came out on the 2d of February this year to see his shadow and crawled into his hole again for six weeks more of winter, that his head was level. It is six weeks today since his hogship came out and crawled in again and since that time some of the severest weather of severe winter has been experienced. During the whole of the time, except a day now and then, the weather has been genuine winter weather with a good run of sleighing.

SESSIONS OF CONFERENCE.

Tyrone Is Now Entertaining a Large Number of Methodists.

Tyrone, March 14.—With the weather much colder but more pleasant than yesterday, the second day's session of the Central Pennsylvania Methodist Episcopal conference convened this morning at 8.30 by Bishop Newman announcing the opening hymn, which was followed by prayer by Rev. M. K. Foster, after which Bishop Newman began his lecture to young ministers, his subject being "Methods of Thought."

In the presence of a well filled church at 9 o'clock routine business was resumed with the reading of the minutes and calling of the roll of absentees. The thirteenth question was resumed and the characters of the ministers of the Altoona district were passed, Dr. Monroe in each case stating, "Nothing against him." In the case of Pastor R. H Gilbert, Dr. Monroe, added, "Except that he works too hard." Rev. J. H. McGarrah, of Bellefonte, being in precarious health, at his own request, was changed from active to supernumerary Rev. Mr. McGarrah is detained at home by illness.

REPORT OF DANVILLE DISTRICT.

The Danville district being called, the character of Dr. E. H. Yocum was passed and he read his report.

The health of the ministers has been generally good. An average of more than 400 pastoral visits is reported, ranging from 1,034 by one pastor to 100, the minimum.

In the 120 Sunday schools of the district, there are 2,000 officers and almost 15,000 scholars, and the word is faithfully taught and attentively studied. Teachers' meetings and normal classes are multiplying Epworth senior and junior leagues are prospering.

Most of the charges have shared in the joy of revival and an aggregate of 1,800 conversions reported, resulting in 1,625 probationers connecting themselves with the church.

A telegram was received announcing the death of Plummer, son of Rev. J. H. McGarrah, at Ramey, and Rev. J. Ellis Bell was granted leave of absence. The characters of the Danville district ministers were passed. The relation of Rev. A. W. Hontz, on motion of Dr. Yocum, was changed from active to supernumerary.

HARRISBURG DISTRICT REPORT.

The Harrisburg district being called, Dr. W. W. Evans, presiding elder, after passing of character, read his report.

The beloved wives of Rev. J. H. McGarrah, J. F. Pennington and T. A. Elliott have passed to eternal rest. Of the laity 170 have died. The district has been blessed with many revivals, and 1,100 souls have been brought into a consciousness of sins forgiven, and about 1000 names have been added to the roll of probationers.

On repairs, improvements and church debts about $15,000 have been paid.

The Epworth league has grown, new chapters organized, and the membership is now 4,611. There are twenty-seven junior leagues, eleven of them organized during the past year; the rolls contain 1,262 names. Dickinson College maintains her high standard. In ministerial support there has been an increase in allowances. There is an increase of $475 in contributions to missions and $250 in other benevolent collections.

The characters of the ministers of Harrisburg district were passed. Rev. J. F. Pennington's relation was changed, at his own request, from effective to supernumerary.

JUNIATA DISTRICT REPORT.

Juniata district was called, the character of Rev. J. B. Polsgrove, of Huntingdon, the presiding elder, was passed and he read his report, which was a report teeming with success and complimentary to the zealous workers of that district.

The characters of the ministers of the Juniata district were passed and the Williamsport district was called. There being "nothing against" the presiding elder, Rev. M. K. Foster, he read his report, another encouraging exhibit of work well done.

The characters of the ministers of the Williamsport district passed. The relation of Rev. J. W. Feight, of Salladasburg, was changed from effective to supernumerary. Bishop Newman said he would like to hear the brethern sing, and they united with vigor in "Rock of Ages." Rev. W. A. Houck presented a minute expressing the sympathy of the conference with Rev. J. H. McGarrah in his bereavement, which was carried, and prayer was offered for the afflicted father.

Report of the Third Days' Proceedings.

At 8.30 o'clock Bishop Newman took charge of the meeting and delivered the second of his series of lectures to young ministers, the subject being "Ministerial Efficiency and Success." Bishop Newman's talks are certainly productive of the object for which they are intended, for they are undoubtedly masterly deliverances of profitable information and right guiding suggestions.

The ninth disciplinary question was taken up, and reports were made upon the examinations of members in studies of the fourth year. The followng deacons were elected to elders' orders: George W. Faus, Samuel Fox, Robert M. Snyder, Samuel Blair, William P. Eveland, Elmer E. Harter, R. W. Illingsworth, C. Rishel. Rev. T. A. Elliott was continued in fourth year studies. C. G. Roop. D. D. Kaufman, J. C. Bickel, F. C. Buyers, Joseph Clemens, F. E. Hartman, W. E. Vandder. mark and G. F. Boggs were continued on trial in studies of the second year.

The following members examined in studies of the third year were continued in the studies of the fourth year: H. K. Ash, F Curry, C. Campbell, M. E. Swartz C. M. Barnitz, J. H. Price, J. H. Daugherty, A. S. Fasick, G. M. Frownfelter Nelson E. C. Cleaver, C. W. Karns.

Rev. J. C. Hartzell, D. D., corresponding secretary of the Freedmen's Aid and Southern Education society, was introduced. The society has received from all sources in the past years, and expended, a little more than $4,000,000. The society has more than 100,000 pupils in schools and has contributed $2,000,000 worth of property to Methodism. One fourth of the students in Methodist schools are in the schools of this society. Results are seen in large number of conferences which have been organized in the south. Dr. Hartzell secured a generous contribution toward the Freedmen's cause.

Dr. Aaron Bittenhouse, superintendent of the Philadelphia Medical hospital, was the next speaker. This hospital is closing its third year, and has already treated over 6,700 patients, 1,600 of whom were children; it has given 34,000 days of free board. In the past year 1,000 visits of nurses and physicians have been made. There were fifty patients the past year in the Philadelphia hospital from this conference.

Dr. W. W. Evans moved the appointment of a committee of three to submit a report upon the Philadelphia hospital. Dr. B. F. Dimmick, Revs. J. H. Black and A. S. Baldwin were appointed.

Rev. James H. Morgan, W. W. Cadie, Edwin A. Pyles, E. S. Latshaw and William H. Miller, who had passed into the studies of the second year, were called before the altar and with an eloquent discourse by Bishop Newman, and the propounding disciplinary questions to which the candidates responded satisfactorily, they were impressively inducted into full connection with the conference.

The afternoon sessions are all well attended and the anniversary of the Woman's Foreign Missionary Society, which convened at 2 o'clock this afternoon, was no exception, as the church was crowded. Rev. Richard Hinkle, York, presided.

After a well rendered anthem by the choir, the Second psalm was read, a hymn was sung, Rev. Hinkle lead in prayer and then introduced Miss Mary McCord, of Lewistown, secretary of the conference society, who read her report. The Woman's Foreign Missionary society in the United States is divided into eleven branches, is a little more than twenty-five years old and its contributions for missions for the last fiscal year was $311,925.96.

Rev. W. F. Oldham, D. D., who was born in India, where he was engaged in missionary work for six years, was introduced. He opened with a kind, gallant and eloquent tribute to womanhood. While Dr. Oldham has preached the gospel to the Chinese, the Malay, Arab and the Jap, he knows best the Hindoo and the customs of India, so to that land he confined his talk.

At4 o'clock increased interest was manifest at the large number present for the prayer and consecration services under the leadership of Rev. B. S. Conner.

No Tyrone church auditorium has ever been approached by a larger congregation than that which sought a hearing and seeing presence at to-night's generally conducted service, anniversary of the Freedman's Aid and Southern Education society. Long before the hour of 7:30, the main portion of the church was filled, rows of chairs occupying a portion of the aisles, and the ground floor class room held a large assemblage not in service, but conversing with their friends among the preachers.

Rev. J. B. Shaner, presided, who spoke intelligently on the evening's subject, as did also the reverend speaker who followed him.

Department of Agriculture.

Governor Hastings has signed the bill creating a department of agriculture. He also announced his appointments for the offices in the new department. Thomas J. Edge, of Harrisburg, is made secretary and R. H. Thomas, of Mechanicsburg, is made deputy secretary. By the approval of the bill Governor Hastings wiped out the dairy and food commissioners' office, and that of forestry commissioner. The repealing clause disposed of all the separate acts.

NEW DISCOVERY.

Among the many discoveries of the present age, none rank higher than the new metal silvereen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware.

Silvereen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted.

We want every one to have a chance to compare silvereen with silver, so for the next sixty days we are going to give away one half dozen Crown Silver Tea Spoons *Free*, to every person who will send for one of our Terry's Silvereen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Silvereen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons.

Price of Silvereen set, $2.00. f7-2y.

WHAT THE COUNCIL DONE.

Considerable Miscellaneous Business Transacted in a Long Session.

Council convened on Monday evening with members Gerberich, Miller, Hillibish, Beaver and Brockerhoff present. Clerk Isaac Mitchell read the minutes of the previous meeting which were approved as read.

Mrs. Fasig appeared before council to ask exoneration of taxes, claiming that she was not able to pay the same. She was referred to the Finance committee.

Messrs. Rishel and Currin, of South Potter street, appeared in relation to the proposed new boardwalk on that thoroughfare. As the survey of that thoroughfare had not yet been made, the matter could not be taken up, but was postponed until the next meeting.

Messrs. William A. Lyon, Hammon Sechler, F. B. Stover Philip Beezer and a representative of Beezer & Bosch, representing the butchers of Bellefonte, appeared before council relative to the ordinance covering the sale of meat, etc., in the borough, generally known as "An Ordinance regulating a curb market." Clerk Isaac Mitchell read the ordinance in question.

The President and two other ladies, representing the Village Improvement committee, appeared as petitioners against the granting of privileges to persons desiring to erect booths or shops over Spring creek, along Water street. The ladies were given a hearing and a numerously signed petition of remonstrance was read by the clerk. Having been given a hearing the ladies withdrew and the Market ordinance question was again taken up.

Borough Solicitor Clement Dale maintained that the present ordinance was defective and explained his position for taking that stand. General Beaver and others thought the ordinance was all right and could be enforced. After a full discussion it was decided that it could and the butchers were informed that they had the enforcement of the ordinance in their own hands.

A written communication was received from J. S. Waite, stating that, notwithstanding the rumors to the contrary, it was his intention to erect his building over Spring creek, in accordance with permission granted at the last meeting.

The Street committee reported little work done during the past two weeks, but there is lots of work to do, and which will be done as soon as weather permits.

The Water committee reported the works in operation but 15 hours per day; and that the extra fireman has been dispensed with since last meeting night. They also presented a schedule of water rates for power and to parties outside of the borough for household use and asked the approval of council on the same; the taxes to be assessed against the property owners and not the occupants of said properties. On motion of Mr. Beaver the schedule was approved.

The Fire and Police, Market and Nuisance committees reported progress. The Finance committee reported, from the borough treasurer, a wonderfully depleted treasury, only about two hundred dollars being on hand to meet expenses, and when that is done, there is no possible source to draw from.

The bond of Michael Berger, high constable, was presented and approved.

The Village Improvement committee reported $25.75 collected for trees.

The Worst Case the Doctors Ever Saw

Hood's Sarsaparilla Perfectly Cured

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs:—I wish to testify to the great value of Hood's Sarsaparilla. For some time I had been troubled with scrofula, which early last winter assumed a very bad form.

The Street committee reported advertising for bids to build abutments for the new Lamb street bridge over Spring creek.

Messrs. Beaver, Keller and Hillibish were appointed a committee to confer with the Chief Burgess relative to the approaching centennial celebration of Bellefonte.

Complaint was made that parties living on Spring street was creating a nuisance on Water street by throwing ashes, and garbage of all kinds over the hill. The clerk of council was instructed to notify said parties that they must desist, else the nuisance will be removed at their expense.

The last item taken up was the petition of the ladies Improvement Committee which, in the present issue is especially directed against the erection of the old band stand over Spring creek by J. S. Waite. The council seemed very much undecided, notwithstanding the fact that two weeks ago it had unanimously voted to grant Mr. Waite the privilege asked.

At this juncture W. E. Gray, Esq., appeared and presented his report as Chief Burgess for the year 1894.

On the remonstrance question Mr. Brockerhoff moved a reconsideration of the question until the next meeting of council. Seconded by Mr. Keller. On vote the motion carried and the clerk was instructed to notify Mr. Waite that the same would be reconsidered and that his original application, as well as the remonstrance, would be impartially heard and considered at the adjourned meeting of council next Monday evening, when all parties will be given a chance to present their case from any and all standpoints.

The business being concluded the following bills were approved and council adjourned:

He Played the Bank Sharp.

It was announced in the newspapers of the 14th inst. that the Bank of DuBois, Clearfield county, Pa., had suspended payment. It was rumored that the bank was not in a very good condition, which caused a run by the depositors—the Bank not being in funds to meet the demand upon it, a suspension became necessary. The stockholders are individually liable, who will pay the creditors in full. It now comes to light, that Harry Loeb a son of Moses Loeb, who formerly lived in Bellefonte, Pa., is a large debtor to the bank. The older citizens here, will remember that M. & F. Loeb conducted a meat market on Bishop street. Becoming tired of their prosperous business, they sold out their meat market, and went to Philadelphia where they engaged in the Morocco business. They imported their own goods; but did not succeed, and lost a large amount of money. Moses Loeb and his son Harry, have been engaged in the clothing business in DuBois for several years. Harry some years ago, engaged in lumbering, as well as established a planing mill in the town of DuBois, where he has made a show of prosperity. In addition to the bank failure, the news now comes from Clearfield, Pa., that Harry entered up judgments Friday in favor of friends and relatives to the amount of $37,000. It is reported, that his account in the bank of DuBois is overdrawn $20,000.

Sassafras and Horseradish.

The advent of spring will add two good things to the rural table. They are sassafras tea, and horseradish as a condiment to go with the last of the sausage and flitch of the fall's butchering. Both these roots, which can be dug in the spring, have their medicinal qualities. Of the sassafras roots, twigs and bark are valuable.

The bark of the young branches and the pith contain a considerable quantity of mucilage. If the pith be infused in rose water a considerable quantity of mucilage is extracted and this is very useful in acute inflamation of the eyes, in catarrhs and dysentery.

Horse radish, grated root in cider, is good in chronic rheumatism, palsy, dropsy and debility. Leaves applied to bowels and feet relieve colic and swelling.

H. M. Baldrige Dead.

Hollidaysburg was never more shocked than it was shortly after 11 o'clock Monday morning, when the news spread of H. M. Baldrige's death. He was coming from the court house where he had presided at a meeting of the Blair County Bar association. When he reached the steps in front of his office door he was seen to falter and fall and was dead in the twinkling of an eye. Two or three persons, among whom was Mr Osmand Gardner, were with him and carried him into his office immediately, but the heart had ceased to beat, A stroke of apoplexy was the cause of death.

No person in Hollidaysburg was more respected, trusted and loved than was H. M. Baldrige, and no person deserved the respect, love and confidence of the community more than he. To say that he was a man or irreproachable purity, honesty and integrity; that he was clean and above board in all things; that he was free from pettifogery and chicanery as a lawyer and from political trickery and jobbery would be faint praise.

NEW YORK CITY MERCHANT.

How His Life Was Saved.

From the New York City Catholic News.

No one would think to look at Richard B. Brown, a commission merchant, of No 306 Washington street, New York City, that for six weeks he had suffered in agony in his bed and that physicians had said it was impossible for him to regain his health.

But now he is back in his office, vigorous and hearty. He regards Dr. David Kennedy's Favorite Remedy, as the savior of his life. The story Mr. Brown tells is remarkable.

"For several years," said Mr. Brown to a reporter the other day, "I suffered from inflamation and ulceration of the bladder, a most stubborn disease. My family physician was unable to relieve me. At the advice of friends I consulted specialists, and they all failed to do me any good. All this time I was growing worse. My capacity for work deserted me and at last I was compelled to take to my bed.

"My mother-in-law had heard of Dr. Kennedy's Favorite Remedy, and she asked me to give it a trial. I had been confined to my bed for five weeks and I admit I didn't think there was much chance of getting out of it. Well, I tried Favorite Remedy. There seemed to be a change that surprised me. In a week I was able to get out of bed and go around the house, and in a short time I recovered completely. To day I am as well as ever and what's better yet I feel that I am permanently cured. I can work sixteen or eighteen hours a day now and not be broke up a bit. To Dr. Kennedy's Favorite Remedy is all the credit due."

Favorite Remedy ranks, with the medical profession, as the most perfect of all blood and nerve medicines. It restores the liver to a healthy condition, and cures the worst cases of constipation. It is a certain cure for all diseases peculiar to females and affords great protection from attacks that originate in change of life. It cures scrofula, salt rheum, rheumatism, dyspepsia, all kidney, bladder and urinary diseases, gravel, diabetes and Bright's disease.

In this last disease it has cured where all else has failed. Any druggist can supply it at one dollar a bottle.

Children Cry for Pitcher's Castoria.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

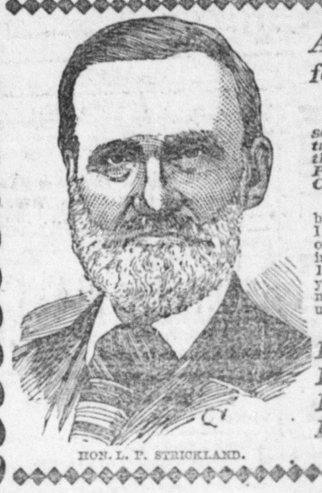
Dr. Greene's Nervura

Guaranteed Purely Vegetable **Blood and Nerve Remedy,** and Harmless, is the Greatest and Best

Spring Medicine.



HON. L. P. STRICKLAND.

Are You Prepared for Spring?

It is necessary to prepare yourself for the advent of spring by taking a spring medicine. Use the remedy which cured Hon. L. P. Strickland, of 38 Taylor Street, Cleveland, O.

"I have taken Dr. Greene's Nervura blood and nerve remedy," he says, "and I feel like a new man. It has cured me of chills, hot flashes, bloating after eating, cold feet, and shortness of breath. I have also had a fistula for over twenty years, and it is almost gone now. I cannot express how thankful I am that I used this wonderful remedy."

He was cured by Dr. Greene's Nervura Blood and Nerve Remedy.

MRS. J. M. EARLE.

How to Get Well and Keep Well.

Do You Feel Weak, Tired, and Nervous?

The wonderful cure of Mrs. J. M. Earle, of North Calais, Vt., will interest you.

"I had a scrofula sore on my breast," she says, "and was very short of breath, and was terribly nervous. I commenced taking Dr. Greene's Nervura blood and nerve remedy, and soon perceived a wonderful improvement in my condition. The scrofula sore entirely disappeared, and my general health was greatly benefited. I think that it saved my life. My heart used to be so bad that my husband was obliged to jump up and go for the doctor in all haste, and he did not think I would be alive on his return. But this is now all gone, thanks to Dr. Greene's Nervura. I am as well as I ever was, and as tough as a bear. Let all who are sick take this wonderful medicine."

Everybody Should take a Spring Medicine.

Read this and you will know what to use.

MRS. G. A. SWEETLAND.

Mrs. Granville A. Sweetland, of 16 Miller St., West Quincy, Mass., tells you how you can be well and strong:

"I was troubled for a long time with sleeplessness, constipation, pain in the back, and great weakness and debility. I took Dr. Greene's Nervura blood and nerve remedy, and after taking four bottles it had helped me wonderfully. The pain in my back was relieved, I could sleep better nights, my constipation was overcome, and my skin was much clearer.

"I never could have done the work I have accomplished if I had not taken Dr. Greene's Nervura blood and nerve remedy. My father also uses it, and thinks it benefits him more than any other remedy he has taken."

Is Your Blood Pure? Are Your Nerves Strong?

Mr. John Mather, of 433 Broadway, Lawrence, Mass., one of Lawrence's most prominent business men, states:

"For years I was unable to do any work and suffered torture with the pains in my back. My nerves were in such a state that I could not take hold of anything, as I could not keep it in my hands, but would drop it. I was very weak and trembling.

"I expected to die, and have no doubt but for the aid of Dr. Greene's Nervura blood and nerve remedy, I should have been in my grave. I began taking the Nervura, and at once noted the change. The pains left me and my nerves were greatly strengthened. To-day I am a well man, and can do a hard day's work. I have the greatest faith in Dr. Greene's Nervura blood and nerve remedy. I heartily recommend it, and am confident that it will cure."

"The County Fair."

"The County Fair" is one of those unusual plays which has not been over rated. In fact, the half has ne'er been told of its best points, the horses rather casting in the shade the delicious homely New England fun and sentiment with which it overflows. While the great race, as patented and performed, is no doubt a wonderful and original feature, the merits of the play do not require it. Features are the characteristics of the times, though, and the live horses impart a pleasant thrill of excitement during their brief appearance. The play proper, however, is the gem of the New England comedies. Beside it even "The Old Homestead" shows its padding for the wealth of incident in this latter play precludes itsdragging for one moment. Its country characters, while recognized as types and truths, are delightfully unfamiliar to the hard-headed later-day San Franciscan, and the artless innocence which marvels at the idea of "watering stock" only once a year, and finds it impossible to believe that there are real live bears on Wall street, is most interesting to become acquainted with. While we regret the absence of Neil Burgess in the great character of Abigail, Marie Bates renders her so distinctly typical and enjoyable that we are more than satisfied with her impersonation. The character is that of a New England old maid, not of the Boston variety, who makes mistakes in grammar and has ultra auburn hair but who is never found wanting to turn the scales for justice and is wonderfully tender to the orphans whom she adopts from time to time. The bashful swain who courts her; the "mean" farmer who would foreclose her mortgage, did not Cold Molasses win the race and the money to pay it off; the "huskin' bee" and the country dance are figures of Puritan history and are alike products of the rocky New England soil. The beautiful young girl who lives with Miss Abby; the small waif who is sent out to the charitable farmer folks from the mission; the discouraged young jail-bird, and the good young man who runs the farm, are the exquisite and natural filling in for the sweet old picture.

This remarkable life-like comedy will be presented for the first time to a Bellefonte audience next Friday evening, March 22nd, and the opera house should be crowded to see it.

That Organ Concert.

A correspondent writes us as follows:

Not professing to be a "musical critique," but with a sufficient knowledge to enjoy good music, I but voice the sentiment of those who attended the concert given by Mr. Arthur Kitson last Thursday evening, in saying it was a most enjoyable affair. The tones of the organ of the Presbyterian church were responsive to a master hand, and a revelation and delight to the audience.

Mr. Nowineki, the violinist, we have rarely heard excelled for delicacy of touch and expression, and Mr. Kitson, as accompanist, entered into the thought and expression of both composer and artist in the entire forgetfulness of a thorough musician. "Prof. Spaghetti" has a fortune in his voice. Rich, deep and full of melody, with greater possibilities in the future, with cultivation and study, will need no Italian non-de-plume to draw an audience as he certainly did, in one sense at least, on Thursday night. We trust Mr. Arthur Kitson will at some time favor us again with as rare a treat.

Terry's Silvereen.

Among the many discoveries of the present age, none rank higher than the new metal silvereen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware.

Silvereen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted.

We want every one to have a chance to compare silvereen with silver, so for the next sixty days we are going to give away one half dozen Silver Tea Spoons *Free*, to every person who will send for one of our Silvereen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Sivereen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons. Send at once as this offer is for 60 days only.

Price of Silvereen set $2.00.

Death of Rev. George Elliott.

The people of Bellefonte were shocked Friday evening to hear of the death of Rev. George Elliott, which occurred at 9 o'clock at the residence of Mr. Mitchell, near Pine Grove Mills, where Mr. Elliott and his wife were visiting. Mr. Elliott had been sick since Monday from a severe cold which developed into an acute attack of pleurisy, but no one anticipated such a sudden and fatal termination. Rev. Elliott was aged about 69 years. He was a minister in the Presbyterian church but about five years ago retired from active labor and since has been living a retired life in Bellefonte. Of him it can truly be said, he was the highest type of a Christian gentleman, living a life as exempt from sin as it is possible for mortal man to live. Always doing to others as he would be done by, and having the greatest of charity for erring humanity.

Robert Hepburn Injured.

While working in the rolling mill at Valentine's works Monday morning Robt. Hepburn, one of Bellefonte's poor overseers, met with a most serious accident, which may yet prove fatal owing to his age, which is almost 70 years. He was doing some work near a revolving shaft when his coat caught in a cog wheel and he was whirled around the shaft. His one arm was broken, an ankle and several ribs, while he sustained internal injuries the extent of which cannot yet be told. Doctors Harris and Seibert were summoned and gave the injured man the necessary attendance. This is quite a blow on the Hepburn family coming so soon after the death of Mrs. Hepburn, which occured about six weeks ago.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was incurable. For a great many years the doctors pronounced it a local disease, and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. W. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

—The Altoona *Tribune* Thursday morning came out so changed in appearance as to be almost unrecognizable. Instead of the regular four pages of unwieldy size it is now composed of eight pages and six columns to a page. It has also donned a new dress and looks as sweet and handsome as a maid of sixteen. The *Tribune* is one of the best inland dailies published and we have only the best of wishes for its future prosperity.

NEW YORK FASHIONS.

Independent Waists, Accessories, Ways of Making, Short Capes.

Independent waists have received a fresh impetus from the existing range for crepon skirts, and economy may be practiced to great advantage by freshening any remnants of striped, plaided or checked silk that have been laid aside, together with velvet, black, white or ecru lace of good quality. While the blouse front is not essential, it is noticeably prominent, and is often nothing more than a wide box plait falling below the waist line, and may be of a second material; as for example, silk or velvet of a harmonious shade, which if not entirely new is perfectly admissable and the defects are concealed by one or two rows of lace laid over it, in which case a lace epaulet should also be set in over the sleeve. All fancy waist are full, and of "blunt point," is very much in favor, or a waist mentioned in the preceeding letter.

SQUARE OR POINTED YOKES,

or entire waists of light-weight crinkled crepon in delicate hue for evening or house wear, are extremely attractive and spangled lace is a beautiful addition; very easily made at home, as the spangles (gilt or any fashionable color) may be purchased by the dozen, and readily sewed on. Flower collars, a dangerous experiment to any but the really young, are made of violets, tiny rosebuds, or any very small flowers, tied at the back by satin ribbon, and impart a beautiful finish to an evening or house costume. Other beautiful accessories are jet blouse fronts, and spangled inet waists, which are worn over an inexpensive quality of colored silk, the former usually extending no higher than the shoulders, with a strap across, connecting back and front, and a puffed yoke of some airy material, or of some perforated fabric is necessary to give completion.

THE INTERNATIONAL EXPOSITION

of costumes, now open at the Madison Square Garden, attracts much attention, as the Spring styles in all departments of Fashion are beautifully illustrated, and many historical costumes as well. Tailor-made gowns show medium-width skirts, and either a cutaway jacket, short "reefer," or Norfolk jacket, which last will probably be very popular both as a waist or outer covering for slender people. A vest buttoning to the throat seems just now inseparable from the cutaway jacket, but loose front are univereal with the Eton jacket, which has been revived greatly to the joy of young persons. Very few skirts have any trimming around the edge, and one or two suggestions of panels appear. A very elegant black Alligator crepon, has a band of jet passementerie at either side of the front breadth, with a jet blouse waist front and crepon sleeves. The skirts of evening dresses are full eight yards wide, and it is worthy of comment that on the larger proportion of handsome costumes, the S. H. & M. bias velveteen skirt bindings are used, proving the hold they have taken upon popular favor. Artificial flowers, in sprays across the shoulders, and in trailing form on the skirt at the left side heighten the attractions of ball dresses, and on those intended for street or reception wear, a bunch of violets, tied with narrow purple satin ribbon, is quite in vogue.

A SHORT CAPE

cut in a circle is the proper thing for a Spring wrap—very full and reaching only to the waist. Cloth, braided or trimmed with appliqne bands, jet black satin ruffles on the shoulders, or lace, are all stylish; but double or triple velvet capes, perfectly plain except the collar, shaped so as to show a bright colored lining, are more elegant than any others.

VERONA CLARK.

Weather Predictions.

My last bulletin gave forecasts of the storm wave to cross the continent from the 18th to the 22d, and the next will reach the Pacific coast about the 23d, cross the western mountain country by close of 24th, the great central valleys 25th to 27th, and the eastern states 28th.

This will be a severe and what is often termed the equinoctial storm. There is no regular date for these equinoctial storms and they may occur at any time, from 16th to 27th of March or September. Planetary influences must be taken into the estimate in order to ascertain the true date of the equinoctial storm.

This storm will occur during a cold period of March, and although mild weather will accompany the storm, especially on its south side, the temperature will drop back to cold following it and a cold wave, approaching to the blizzard kind in the northern states, may be expected to follow the warm wave of the storm dates given above. This storm will cause heavy rains in many parts of the country, and following these rains frosts will go unusually far southward.

The warm wave will cross the western mountain country about 23d, the great central valleys 25th, and eastern states 27th. The cold wave will cross the western mountain country about 26th, great central valleys 28th and eastern states 30th.

The last half of March is expected to bring unusually heavy rains in many parts of the country, and probably the heavies of these rains will accompany the storm described above.

—The ladies of the United Evangelical church will hold a Box Social and Ice Cream and Cake festival at Mrs. J. T. Roundtree's residence, on Willowbank street, on Friday evening, March 22nd. All are invited. Come and assist in the good work. Ladies please bring a box.

To Pensioners.

Captain Skinner, the United States pension agent at Pittsburg, Pa., under date of March 6, 1895, was advised by the commissioner of pensions that it was not the intention of the interior department to issue increase certificates in any of the cases favorably affected by the act of March 2, 1895, which provides that all pensioners now on the rolls pensioned at less than six dollars per month, shall have their pension increased to six dollars.

In order to facilitate the payment of the increase, Captain Skinner was instructed by the bureau to prepare and forward to each pensioner, the rate of whose pension had been increased by said act, a new voucher to take the place of that already sent out with the check for the January payment, to be executed by said pensioner on or after April 4, 1895, adding to the regular quarterly payment at the old rate the additional amount due such pensioner from March 2, 1895, under the provision of said act, and requesting the pensioner to return the voucher already in his possession for cancellation.

This new voucher will be accompanied by a circular which should be attached firmly to the pension certificate in the possession of the pensioner, as the same must be exhibited to the officers before whom the vouchers shall be hereafter executed, in explanation of the difference in the rate expressed in future vouchers and that contained in the pension certificate.

All officers, including fourth class postmasters, who are authorized to administer oaths in the execution of pension vouchers, as well as the pensioners affected by said act, should note carefully these instructions.

—On Saturday, March 16th, an election will be held by residents of part of Snow Shoe and Boggs townships, to decide the formation of a new township out of that district. The citizens evidently want it, as they have already gone to some $250 expense to secure the right to vote on the question. And if they want it bad enough to pay the present expense as well as keep up all the running expenses it will incur, then they should have it.

"HELP!"

A WOMAN'S DESPAIRING CRY.

It is Heard. A Prominent Actress Escapes Great Danger.

(SPECIAL TO OUR LADY READERS.)

How startling is a woman's cry for help!

"What can I do? Where shall I go?" She knows not. This cry goes out today from every city, town, and hamlet in this country.

Testimonials from women who are suffering tortures of body and mind from some form of female complaint. Many, through natural modesty, do not consult physicians, for many dread their examinations. They know not where to seek for help.

This alarming condition of things is simply wrong. The peculiar ailments of women are curable, and in most cases very speedily. Lydia E. Pinkham's genius and liberality have given to every woman a sure and consistent means of relief.

No woman should suffer when she can obtain free advice. She can state her case fully to Mrs. Pinkham, woman to woman, without reserve, and the answer will come from one of her own sex. Be one of the vast army of women who write to Mrs. Pinkham, at Lynn, Mass., and preserve your health. "Only a woman can understand a woman's ills."

A prominent actress, in a letter to Mrs. Pinkham, says:—

"... You cannot imagine the fearful condition I was in when I first wrote to you. I was simply of no use to myself or any one else. I had worked hard, and my nervous system was shattered from womb trouble and travelling constantly. I ran the gauntlet of doctors' theories, till my health and money were rapidly vanishing. ... I'm all right now, and am gaining flesh daily. I follow your advice faithfully in everything. Thank you ten thousand times for what your knowledge and *Lydia E. Pinkham's* Vegetable Compound have done for me."

DEATH OF REV. SAMUEL MILES.

Oldest Baptist Minister in the State Passes into the Beyond.

Samuel Miles, of Ansonville, this county said to have been the oldest Baptist Minister in the State, at the time of his death, died Tuesday, March 5th, 1895, aged 88 years, 3 months and 23 days.

His death was caused by general debility and the final summons had been anticipated for several weeks. Deceased came from the old stock of Baptists, the name being closely identified with the history of that denomination. He could trace his genealogy back to 1701, when Richard Miles left his home in Wales and came to this country, settling in Delaware county, Pa. Samuel was one of the fifth generation since their settlement in this country. He was the son of John and Mary Miles, and was born in the United States Arsena at Gray's Ferry, November 12, 1806. He was one of a family of nine children, five sons and four daughters. All of the sons were Baptist ministers except one. Samuel's father purchased the land and laid out the town of Milesburg, Centre county, an I it was here that Samuel and his father located. He entered the ministry in 1834, and his first work was in the Beech woods country, Jefferson county, the same year. He also preached at Luthersburg, Curwensville and Clearfield. In 1838 he went to Venango county where he remained for about two years, returning to Jordan town ship in 1841 where he remained ever since except a residence of two years in Brooklyn, Iowa, nine years at Reynoldsville, and seven years at New Washington.

He was married to Mary Ann Lipton, who died some thirty years ago, and was married a second time to Elizabeth Robinson, whom he survived.

He was moderator of the Clearfield Baptist Association for many years, and it is said of him that he had married more couples and preached more funeral sermons than any other minister in this county.

He is survived by three sons and three daughters. The funeral was held Friday afternoon, March 8th.

One of the oldest couples in Clearfield, Mr. and Mrs. John M. Chase, were married by the late Rev. Miles over fifty years ago.—Clearfield *Republican*.

The New Bridge to Be Built.

Commissioners Goodhart, Strohm, and Adams, of Centre county, and Reed, Ross and Woolridge, of Clearfield county, met in joint council at the Republican headquarters in Gray's building yesterday and decided to build a new bridge across the Moshannon at the foot of Presqueisle street. A plan of a bridge prepared by Engineer A. E. Hess, of the Clearfield Traction company, was submitted by Mr. John G. Platt and was approved by the commissioners. The plan showed an iron truss bridge, single span, 120 feet long. The wagon roadway is eighteen feet wide, and is flanked on the up-stream side by the electric roadway, eleven feet wide, and on the down-stream side by a foot walk seven feet wide. As soon as plans and specifications can be prepared the letting will be advertised and work will begin as soon as possible. There were present yesterday two representatives of bridge building firms, viz: A. Nelson, of Chambersburg, and L. Brown, of Pittsburg.—Philipsburg *Ledger*.

Suicide at Philipsburg.

With a license in his pocket to marry Jennie Peightol, of Philipsburg, and the wedding day fixed, James Rector, a mulatto, stepped into Gardner's livery stable yesterday, drew a revolver and shot himself through the heart, dying before the smoke from his pistol cleared away. He was 32 years old, and is thought to have a wife and two children in Virginia, to which fact is attributed his suicide.

Henry Korman.

Miles township has lost one of its oldest and best known citizens, in the death of Henry Korman, at his home in Rebersburg, on Wednesday 6 inst. The deceased was a life long resident of Miles twp., and one of its leading farmers; he was active in all the duties of a citizen, and in public affairs. He was a consistent member of the Reformed church, and liberal in his support of the church. His age was 79 years, 7 months and 1 day.

He leaves a widow, four sons and two daughters, to mourn his departure, namely, James, George, Henry, Noah, Ellen and Emma.

FORTY MILLION CAKES YEARLY
THE PROCTER & GAMBLE CO., CIN'TI.

1st. Lieutenant Elected.

On Wednesday evening Company B again met in their armory for the purpose of electing a First Lieutenant to take the place of Lieut. Wilbur F. Reeder resigned to accept the appointment of Assistant Adjutant General. At a former meeting there were two candidates for the first lieutenancy, namely, Second Lieut. George L. Jackson and tax collector Hugh S. Taylor. At Wednesday night's meeting before a ballot was taken Taylor very gracefully withdrew from the contest and Jackson was elected by acclamation. And then, to even things up, Taylor was also unanimously elected Second Lieutenant of the Company. And thus the smoke of battle has cleared away without even a single veteran being put on the mortality list.

The Hornet.

On the 22nd of February D. E. Holter, J. D. Thompson, W. H. Long and J. B. Wetzel, of Howard, filed in our court a bill in equity against D. S. Dunham, F. S. Dunham and Mrs. C. E. Dunham, issuing a preliminary injunction against them forbidding them from having anything to do with the printing plant of the *Hornet*. However the *Hornet* was published right along. Of the parties bringing these proceedings there were but two who had any interest in the plant, D E Holter having but $131.75 and Mr. Wetzel about $310, the balance being owned by the Dunhams. Last Saturday the matter came up for a hearing, the injunction and other proceedings were withdrawn and dismissed which leaves the Dunham's the sole owners of the *Hornet* printing plant, at Howard.

United Evangelicals.

The United Evangelical conference at York closed its sessions yesterday. The body will meet in Williamsport next year on the first Thursday of March.

The following appointments were made for Centre district:

Centre district, A. Stapleton, presiding elder: Lewistown, George Joseph; Patterson, J. D. Shortess; McClure, P. C. Weidemeyer; Middleburg, J. H. Hertz; Port Trevorton, S. E. Davis; New Berlin, W. W. Rhoads; Millmont, E. W. Koontz; Centre, J. J. Lohr; Spring Mills, D. W. Miller: Brush Valley, D. L. Kepner; Sugar Valley, D. P. Shaeffer; Nittany Valley, I. M. Pines; Howard, J. R. Sechrist; Centre Hall, C. H. Goodling; Bellefonte. G. E. Zehner; Buffalo, J. Shambach.

Death of Mrs. Malone.

Sunday morning Mrs. Daniel Malone, died at her home at Walker settlement Bogg township. The funeral took place on Tuesday and the services were conducted in the Advent chapel by Rev. J. B. Soule, pastor of the Baptist church at Milesburg, assisted by Rev. J. Zeigler. Interment was made in the Advent cemetery, north of Milesburg.

The deceased leaves a family consisting of three sons and two daughters. When but a small girl she united with the Baptist church and was a member of the congregation. As a christian she was devout and earnest in every good work.

Evangelical Association Appointments.

The following appointments have been made by the Central Evangelical association in session at Williamsport:

Williamsport District—J. Young, presiding elder; Williamsport Race street, J. E. Heberling; Liberty, J. Hammett; Waller J. L. Cleaver; Lycoming, J. P. Freed; Sugar Valley, and Nittany Valley, Erdman and supply; Centre circuit, S. I. Shortis and F. W. Solver; White Deer and Buffalo, J. Fenstermaker.

United Evangelicals.

At the United Evangelical conference at York yesterday the report of the statistical committees revealed the fact that nothwithstanding the dire troubles that have rent the church in twain, there has been marked success along every line of church work, which is surely gratifying to every member of the church.

The following were appointed trustees of the conference: W. E. Detwiler, J. Bower, M. J. Carothers, D. L. Gerber, and U. F. Swengle. The first two for five years, second two for three years, and the fifth for one year.

Bad Roads.

The roads throughout the valley are still n very bad shape, and driving isn't much fun. In some places the road was only shoveled wide enough for a sleigh, and buggying won't go. A great deal of snow still remains from the blizzard several weeks ago.

M. E. CONFERENCE IN SESSION.

Wednesday's Proceedings as Transacted at Tyrone.

At nine o'clock Wednesday morning in the First Methodist Episcopal church of Tyrone, the Central Pennsylvania conference of the Methodist Episcopal church began its twenty-seventh annual session, Rev. John P. Newman D. D., LL. D., bishop of the church, of Omaha, Nebraska presiding.

The roll of conference was then called by Dr. D. S. Monroe, the retiring secretary.

Dr. Monroe then addressed the conference announcing his regret at retiring from the office of secretary which he had held so long and filled so ably. The election of officers was speedily effected, all selections being unanimous.

Rev. T. S. Wilcox, pastor of the Pine Street church, Williamsport, was chosen secretary. He named Rev. W. A. Carver as recorder, and Revs. J. F. Anderson and A. L. Miller as assistants. On motion of Dr. Monroe, Rev. J. B. Stein was chosen statistician, and named as his assistants Revs. J, E. Weeks, J. H. Morgart, E. H. Wallace, N E. C. Cleaver and E. M. Aller. As treasurer Rev. M. P. Croshwaite was re-elected and named as his assistants Revs. John Horning, M. C. Piper, William Brill, E. W. Wonner and Owen Hicks.

Revs. E. M. Stevens and M. L. Ganoe suggested that it ought to be settled where the annuities for veteran relief, of one per cent from the pastors, are to go. The report of this committee on Veteran Methodist Minister's Relief association was called for, and was read by the secretary.

Dr. W. W. Evans presented a charter incorporating the Central Pennsylvania conference, which has been placed on record. The charter was accepted.

Dr. S. C. Swallow moved that the board of trustees named in the charter be continued as the trustees for the ensuing year. Rev. A. S. Baldwin's substitute that the matter of changing the method of relief be deferred until next year, was carried, and the presiding elders were appointed a committee to nominate the trustees of conference for the ensuing year. On motion the conference charter will be published in the annual minutes.

Dr. Sanford Hunt, of New York, senior agent of the Methodist Book concern, was introduced, and presented the general report of the concern, showing profits of $194,472 for 1894, the total sales amounting to over a million dollars. The conference ordered a draft on the chartered fund for $25, then received the happy intelligence from Dr. Hunt that the dividend from the Methodist Book concern apportioned to the Central Pennsylvania conference this year, is $2,016, an increase of $400 over last year. A draft for the amount of the apportionment was ordered.

Dr. S. C. Swallow read the report of the Methodist Book room at Harrisburg, showing the sales amounting to $33,797.64. The assets of the concern are $46,863, the liabilities $46,352; net gain $610-89. A check for $340.92 for the board of necescitous cases, accompanied the report which was appropriately referred.

Dr. E. J. Gray, president of the Williamsport Dickinson seminary, read his report. There were enrolled this year 287 students, a larger number than ever before.

Secretary Wilcox announced that the amount apportioned to this conference to be contributed for support of bishops and bishop's widows, is $2,657. Referred to presiding elders.

The thirteenth question being called the character of Presiding Elder D. S. Monroe, of the Altoona district, was passed and he read his report.

With the announcement of committee meetings conference adjourned.

In the afternoon the Woman's Home Missionary society held its anniversary. Mrs. Reed, the president, presided. The treasurer's report showed contributions to this work to the amount of $1,092.71 during the past year. Brief addresses were made by Rev. Conner and Dr. Frysinger.

Wednesday evening the anniversary of the Board of Church Extension was held.

Financial and Spiritual.

Presiding Elder D. S. Monroe, in his report to the Conference, had the following to say:

The estimated salaries exceed by several hundred dollars those of preceding years, but on account of the "strike in the coal regions which are largely in this district the financial depression of the nation, and the frequent and severe storms of the past three months, whereby appointments could not be reached, there is reason to fear unusual deficiencies. If our people realized more fully the importance of the ministry to the success of the church, and lived more by faith than by sight; and if a larger number of our stewards felt more keenly their responsibility; and that upon them rested the success as well as the honor of their charges, they would be more active, and fewer deficiencies would be reported. The benevolent collections will it is hoped equal if not exceed those of last year. But whatever the statistical report the pastors have done well.

Revival fires have burned brightly upon our altars. Over 2,300 persons have professed conversion. After long years of sowing and praying Snow Shoe charge reports 285; First church, Altoona, 200; and over 100 have accepted Christ in each of the following charges: Karthaus, Lumber City, Columbia avenue, Tyrone, Ansonville, and Mahafley, Other charges have also shared in the glorious soul-winning, notably, Philipsburg, West Clearfield, Warriorsmark, New Washington, McKee's Gap, Simpson, Altoona, Wallaceton. In fact but few charges have not to a greater or less extent been thus favored.

The Election Board Pay Case.

It will be remembered that the election boards of the North and South wards in this borough refused to accept from the county commissioners one day's pay for holding the recent February election, they claiming pay for two days as it was after midnight when their labors were completed. It was agreed by both sides that the question should be argued before the court and left to his decision, but last week the commissioners' attorney, D. F. Fortney, refused to do this.

On Tuesday of this week the boards, through their attorneys, Messrs. Keller and Hewes, issued a mandamus to compel the commissioners to pay. That puts the case in such a shape that it will have to be brought before the court for argument and Tuesday, April 2nd, is fixed as the day when argument will be heard. It is the purpose of all parties interested to make a test case of this, as there is no known precedent in the State.

River Miners Will Go to Work.

About 8,000 river coal miners in Pittsburg will start to work to-morrow, the operators having granted the 69 cent rate demanded by the men. The operators claim however that the advance is not permanent. The Railroad operators have decided not to pay over 55 cents as long as the New York and Cleveland gas coal company pay their miners that price. Those who granted 69 cents explained that they did it so they could furnish coal to the retail trade and that no coal was being dug for outside shipments.

A Modest Demand.

An Allegheny county farmer demanded $30,000 from a railroad company for putting a road through his farm. He had figured out that the sum of $10,000 would about suit him for entering on his property, $10,000 for laying tracks and $10,000 for damage to grass tramped down by employes of the company. This must be a valuable farm.

Burgess Appointed.

Owing to an uncertainty as to the legality of election W. H. Neff, resigned as Chief Burgress of Howard boro. Two petitions were presented to court for the appointment of another official. One contained a recommendation of Geo. Long, and another A. Weber.

Wm. Cunningham was appointed Chief Burgess of South Philipsburg by the same authority.

Jno. W. Smith was also appointed overseer of the poor of Howard township.

Gregg Twp's Blizzard Bill.

At Gregg townships audit, the other day, the bills for shoveling snow to open the township roads, run up to $500 and that there were still a few claims out and unsettled for. As this expenditure went to home hands most of whom were out of work it has one consoling feature.

Gregg township has a road debt of $500 and adding $500 to it for the blizzard brigade, makes its debt $1000.

Hastings First Choice for '96.

Of the Republicans in the Legislature a poll which is published in the Telegraph shows the following preferences for President to succeed President Cleveland.

Hastings, 39, Reed, 19, Allison, 2, Cameron, 1, Depew, 1, McKinley, 20, Harrison, 7, Quay, 1. Sherman, 1.

Many Senators and members declined to be quoted; but Governor Hastings is apparently a favorite as first choice.

More Than They Can Fill.

No more applications for black bass, rock bass, strawberry bass, white bass or yellow perch can be filled by the Pennsylvania commissioners of fisheries, as there are now more at the hatcheries than can be filled.

—The Century's Life of Napoleon has caught the popular fancy in a most surprising way, and copies of the magazine have been hard to get unless purchased within a few days of issue. "With each instalment," says the Critic of March 2, "the value and thoroughness of the work becomes more manifest."

—The infant child of Mr. and Mrs. Clevan Dinges died Thursday morning at their home in Williamsport. The remains were brought here this morning and buried in the Union cemetery. Mrs. Dinges was formerly Miss Kate Green, daughter of druggist F. Potts Green.

—On Saturday evening, March 23rd, the Axe Mann singing class will have a concert in the church at that place, the proceeds of which will be devoted to the insurance of the structure. A pleasing program will be arranged and with the assistance of the Bellefonte orchestra it will be well worth the small admission that will be charged.

—Dr. George W. Atherton, of State College, was in Harrisburg on Tuesday trying to create a boom for his bill to create a large number of free schoarships at the State College. It is said his scheme is not looked upon very favorably, as the money necessary to provide these free scholarships, would have to come out of the public school appropriation.

Personal Pencilings.

Miss Burrows, of Lock Haven, is visiting friends in Bellefonte.

Miss Blanche Crider is a guest at the home of Mr. and Mrs. F. W. Crider, on Linn street.

The Misses Bickford, of Lock Haven are guests at the residence of Mr. and Mrs. L. A. Schaefler, on Curtin street.

Mr. and Mrs. Harry Cowdrick are rejoicing over the arrival of a bouncing baby-boy at their home on East Lamb street.

Mr. Harry Jackson, son of Mr. George W. Jackson, has concluded to give up sea life and study electricity.

Mr. and Mrs. John Huffman, who visited friends here for a few days, departed on Wednesday for their home in Williamsport, accompanied by Miss Maud Spigelmyer.

Mr. and Mrs. Thomas Brown, of Toledo, Ohio, are in Bellefonte on a visit to Mr. Brown's mother, Mrs. Jane Brown. This is the first time the son has been east or seen anything of his mother or family in ten years.

Mr. S. M. Buck is entertaining Mr. Diehl, of Pittsburg, to-day. Mr. Diehl will probably be remembered by our readers as the man who fell from the eleventh story to the bottom of an elevator shaft some time ago, and escaped with few injuries.

Dr. John F. Harter, ex-recorder of Centre county, was a visitor in Bellefonte Monday night on his way home to Millheim from Tyrone, where he had been in attendance at the M. E. conference since last Thursday. The doctor looks as hearty as ever, and is the same genial fellow he was when he occupied the chair in the recorder's office.

John T. Johnson Very Ill.

A telegram from Governor Hastings on Tuesday evening conveyed the startling information that Mr. John T. Johnston was extremely low at his hotel in Harrisburg. Mrs. Johnston and her son George B Johnston departed on the evening train for the capital city, and we trust may find the husband and father greatly improved.

LATER.—A telephone dispatch received at 10:30 o'clock Wednesday said "greatly improved; no immediate danger." Mr. Johnston's numerous friends will be glad to hear this.

Married Thursday.

Thursday, at high noon, Mr. Charles T. Noll, son of Mr. and Mrs. John Noll, of this place, and Miss Cora E. Cardon, daughter of ex-Sheriff Cardon, of Clearfield, were united in marriage at the home of the bride's parents. We have very few particulars of the happy event, save that George N. Brandon was best man and that the wedding march was played by Lee B. Woodcock. Congratulations.

THE M. E. CONFERENCE.

What Was Done Since Our Last Report.

SATURDAY'S SESSION

Devotional exercises were conducted on Saturday morning at 8.15 o'clock by Rev. W. Moses, of Altoona. At 8.30 Bishop Newman delivered his third lecture to young ministers on "How to make a Sermon."

At 9 o'clock routine business was resumed, and after the approval of the minutes Rev. E. M. Stevens moved a reconsideration of the action by which the operation of the Veteran Ministers' Relief association was deferred for a year. Dr. Monroe offered a substitute that the subject be recommitted to the committee, and the trustees of the Veteran Ministers' Relief association the following being chosen: Drs. B F Dimmick and W. M. Frysinger, Revs. A. M. Barnitz and Richard Hinkle, J. C. McAlarney, Esq., J. M. Sayford, J. W. Barker.

On motion of Rev. M. K. Foster, the last hour on Monday morning's session was set for executive session. Rev. W. E. Vandermark was granted leave of absence. Secretary Wilcox read the report of Dickinson college, Carlisle, from Rev. G. E. Reed, D. D., LL. D, its president. The college is prospering, and furnishes splendid college training at much less expense than the ordinary college. Dickinson deserves cordial support from the conference, for it is of vast service to the Methodist church. The paper was referred to the committee on Dickinson college.

The following were elected to local deacons' order: G. W. McElmay, recommended by Martinsburg; W. Hartman of Drew Theological seminary; F. Bauer, recommended by Carlisle; H. D. Flanigan, recommended by Carlisle. The following were elected local elders: Job Truax, W. Cadle, J. L. Duncan, W. H. Miller.

Where will the next conference be held? This was the next question. Rev. M. K. Foster announced that all of the Methodist churches, particularly the Mulberry Street church, and Dickinson seminary, unite in inviting the conference of 1896 to meet in Williamsport. Dr. E. J. Gray spoke of the erection of Bradley hall, which will be dedicated about the time of the meeting. The conference decided unanimously to meet next year in Williamsport.

Conference acknowledged the liberality of Rev. William H. Shelly, professor in Latin in Women's college, Baltimore, for endowing two scholarships in that institution for the benefit of students from Central Pennsylvania conference. It being announced that Rev. J. W. Feight is in ill health and straitened circumstances, conference took up a subscription and raised for him the handsome sum of $250.

The superannuated preachers were passed and continued: George Berkstresser, J. Pierce Robb, John Stine, Gideon H. Day, W. H. Stevens, William Shriber, Thomas Greenly, R. E. Kelly, Thompson Mitchell, J. W. Olewine, D. B. McCloskey, A. W. Gibson, I. H. Torrence and M. I. Smith.

Visitors were introduced. Hon. Thomas McMurray, of Clearfield, spoke briefly and happily. He was followed in cordial speeches by Congressmen J. D. Hicks, of Altoona, and Thaddeus Mahon, of Chambersburg. They stirred up the patriotism of the brothers and at the request of Bishop Newman, "My Country, 'Tis of Thee," reverberated through the house. Professor Shelley, of Baltimore, spoke briefly. Dr. E. J. Gray announced that Andrew Taylor this morning presented a quarter section of western land to Dickinson seminary and the conference gave a rising vote of thanks.

The order of the day was taken up. The report of the committee to revise the rules of examination was read by the secretary. The new rules were adopted. Rev. B. H. Hart rose to a question of privilege and explained his action upon one of the examining committees. Rev. A. L. Miller was made custodian of the fund collected for Rev. J. W. Feight. Announcements were made and the session closed with the doxology and benediction.

SATURDAY AFTERNOON.

At 2 o'clock Saturday afternoon, in the lecture room, the annual meeting of the Conference Mutual Beneficial association was held with Rev. Richard Hinkle, president, in the chair. This association numbers over 100, including nearly all the members of the conference. Each member pays $5 assessment upon the death of a fellow member to the wife or family of the deceased. The death benefit is thus over $1,000. The society is in a flourishing condition. The old officers were re-elected.

The temperance and prohibition mass meeting at 2.30 o'clock in the auditorium, drew out an immense audience. It was presided over by A. A. Stevens, esq., of Tyrone, former national vice chairman of the Prohibition party.

Sunday's services were exceedingly interesting, all the churches in Tyrone being occupied by visiting ministers.

Proceedings of the Last Day. Some of the Appointments.

MONDAY'S SESSION.

Devotional exercises were conducted this morning by Rev. E. T. Swartz. At 8.30 Bishop Newman gave his fourth lecture on "Sacred Eloquence." The voice is the instrument of ministerial power. The bishop's lecture was a valuable lesson in physiology, elocution and sacred oratory.

Routine business was taken up at 9 o'clock. Dr. A R Miller presented the report of the board of stewards and necessitous cases. Receipt for the year $10,231.92, an increase of $476.92.

An effort to knock out the new rules of examination was, after warm debate, defeated. The recommendation to amend discipline so that each annual conference shall have one ministerial representative for each sixty-five members in the general conference, instead of forty-five as heretofore, was adopted—142 to 2.

Conference voted that it deemed it in expedient to vote upon a paper bringing up the question of admission of women to the general conference. Rev. C. H. Payne D. D., LL. D., corresponding secretary of the board of education, was introduced, and in an eloquent address, announced an advance all along the line in the educational institutions of Methodism.

The sympathy of conference was extended to Rev. G W Stevens in his bereavement. The examining committee, under the new method, was elected as follows: Revs. J M Johnson, C V Hartzell, E. H. Witman, A. S. Baldwin, one year; H. C. Pardoe, B. H. Hart, W. Brill, G. M Hoke two years; W. P. Shriner, B. H. Mosser, S B. Stein, M. C. Piper, three years; J. Lloyd, J. B. Mann, B. F. Dimmick, W. P Eveland, four years. Dr. Evans presented the matter of contribution to the monument of Bishop Simpson. A collection for a needy sister resulted in a goodly sum being realized. At 11 o'clock conference went into executive session, and admitted the following probationers: O. H. Alberton, H. W. Baker, T. McKenty, F. E. Purcell, G McC. Remling, H. Newman, W C. Wallace.

Three ministers have passed away during the past year. Rev. J. Max Lantz presiding elder of the Juniata district, and Revs. J. Y. Rothrock and Thomas Taneyhill, superannuated. Five ministers' wives have also died: Mrs. T. A. Elliott, Mrs. W. H. Stevens, Mrs. G. Berkstresser Mrs. J. H. McGarrah and Mrs. J. F. Pennington. Beautiful tributes were lovingly paid to the memory of those departed.

Rev. Hiles C. Pardoe read the memoir of the late Rev. J. Max Lantz, and Revs. M. L. Drum, M. L. Smyser, George Warren and Dr. A. R. Miller added brief tributes. A verse of "How Sweet It Will Be" was sung.

Rev. R. H. Gilbert read the memoir of the late Mrs. J. H. McGarrah. Rev. A. S. Baldwin read the memoir of the late Rev. J. Y. Rothrock. Rev. J. B. Mann testified to Mr. Rothrock's worth.

Rev. A. S. Baldwin also read the memoir of Rev. Thomas Tanneyhill, whose name had headed the conference roll. Father Day and Rev. J. A. DeMoyer added touching tributes.

Memoirs of Mrs. T. A. Elliot, Mrs. William H. Stevens, Mrs. George Berkstresser and Mrs. J. F. Pennington were also read by Dr. W. M. Frysinger and Rev. H. C. Pardoe.

The remainder of the afternoon session was devoted to educational institutions, Sunday school work, Epworth league, Woman's Foreign Missionary society, Freedman's Aid society, and board of education, all of which were expressive of great progress and were adopted without amendment.

The assemblage of to-day's sessions were repetitions of the monster gatherings of previous days, that at the final service this evening being particularly large, the principal business of which was the reading and adopting of the reports of statistician, secretary and treasurer and then followed the always interesting finale, the reading of appointments. After finale prayer and benediction, the conference adjourned its members to reassemble one year hence in the twenty-eighth annual conference at the Mulberry Street church, Williamsport.

In the list of appointments, but very few changes will be found. The appointments for the Altoona District follow.

TO HIS LAST HOME.

Very Impressive Ceremonies Over the Remains of J. P. McGarrah.

The funeral services over the remains of James Plummer McGarrah, whose death occurred at Ramey, Clearfield county, were held at the M. E. parsonage on East Linn street at two o'clock Saturday afternoon. The obsequies were very impressive and it seemed as if every one of the large number present experienced a pang of grief, at the sudden affliction of this family, which could not be expressed in words. The casket, which reposed in the west room, was of red cedar covered with black broad cloth and lined with black satin, on which was a silver plate containing only the name, "J. P. McGarrah." Grouped about the bier were beautiful floral emblems from loving friends; while at the head was an elaborate piece on which the words, "Our Boy" had been worked with loving hands.

Owing to his serious illness, Rev. J. H. McGarrah was unable to be up out of bed, as the shock at the announcement of his son's sudden death completely postrated him. The services at the house were under the charge of Rev. W. A. Houck, of Hazelton, Pa., who was a personal friend of the deceased. All the ministers of the town were there to assist in the funeral rites and to extend their heartfelt sympathy to the relatives in their time of sorrow. Chaplain McCabe was to have been present, but unforseen reasons prevented. The Order of Free Masons attended in a body and had complete control of the services after the cortege left the house until the final consignment in the grave.

The services were opened by Rev. Hosh our reading the opening hymn, "My Jesus, as Thou Wilt," and scarcely had the first notes been spoken until the sun, which had been hidden by the clouds, broke forth in all its radiance, and it was the only moment of sunshine during the day. Rev. White, of Milroy, made a beautiful opening prayer after which Rev. Zehner read a passage of scripture. Rev. Dr. Laurie made a short talk, basing his words on the thought of the joy which the Christian is possessed of in the hereafter; and he also brought out the thought "we are here only for a short time, until the heavenly Father reclaims us." Revs. Crittenden and Woodcock both spoke briefly, after which Rev. Houck made the closing address. He paid a beautiful tribute to the life of the young man, especially of the several years prior to his death, during which time he was an active worker for the interests of the church; his good work being especially marked in his efforts in connection with the Epworth League, of which Society he was a successful leader, always kind and patient, and ever on the alert to do something which he thought might be of benefit to others.

In his talk Rev. Houck put great stress on the fact that we all must go, both young and old; and, in speaking of the grief of the father, he frequently quoted the following: "Though he be lonely, he be not alone." And, "No matter how great the affliction, or how heavy the cross to bear, place thy trust in the Supreme Ruler and it will be well with thee." After the closing prayer by Rev. Crittenden the funeral procession started for the cemetery. The pall bearers were chosen from the Masons and were A. C. Mingle, H. C. Brew, Robert Cole, Clement Deininger, W. L. Malin and Harry Keller. The Masons wore the customary bow of blue ribbon and each one carried a sprig of evergreen.

At the cemetery Rev. Houck made a short prayer after which the Masons surrounded the grave and the ritual of their touching and impressive service was read by Past Master Wilbur F. Reeder, after which District Deputy W. I. Fleming, made a brief prayer. The usual insignias of the order were placed in the tomb and as each member filed past the grave he gently dropped his sprig of evergreen on the casket below, and the body of J. Plummer McGarrah was closed from mortal sight forever.

It was at first intended to have the remains interred at Manor Hill, Huntingdon county, where his mother was buried, but owing to the serious illness of the deceased's father, the funeral was held here at his request, so he would be able to attend; but, though his wish was complied with, it was impossible for him to go to the cemetery, for fear the exposure to the inclement weather might prove fatal.

At the time of his death Plummer McGarrah was engaged to be married, which fact makes the affair all the more sorrowful and the burden greater to bear, as the young man had been enjoying comparatively good health and only last week was here to see his father. This makes the second death in this family within a year, Mrs. McGarrah dying at York last March. Only two children survive, Mrs. T. Ellis Bell, of Altoona, and Orrin, attending College in Philadelphia.

Mr. M. E. Chestore, an old classmate of the deceased, and Miss Kramer, both of Lock Haven, were present at the funeral.

It is the intention to have the body removed during the summer to Manor Hill and buried beside that of his mother. The deceased was a member of the Landmark Lodge, No. 442, and a Knight Templar, of Wilkesbarre; the Lulu Temple, of Philadelphia, and the Bloomsburg Consistory. "May he rest in Peace."

A Sudden Death.

Clearfield, March 14.—James Plummer McGarrah, who had charge of Rhoads' drug store at Ramey, and who was the son of the Rev. James H. McGarrah, pastor of the Methodist Episcopal church at Bellefonte, died at Stanley's hotel at 7.30 o'clock this morning. Yesterday, to all appearances, he was unusually bright and in fair health, spending the evening at Mr. Rhoads' home until 10.30 o'clock, when he returned to the drug store, where he remained for some reason until 1.30 o'clock this morning. At that hour he returned to his boarding place, Stanley's hotel, where, half an hour later, he was taken sick, soon lapsing into unconsciousness, in which state he remained until he died at the hour already named. He was well thought of in Ramey and his sudden death is keenly felt by his employer's family.

James Plummer McGarrah, whose sudden death is announced above, was the eldest son of the Rev. James H. McGarrah, formerly presiding elder of Altoona district, and until the present session of the Central Pennsylvania conference at Tyrone pastor of the Methodist Episcopal church at Bellefonte. The deceased was about 28 years of age, was a druggist by profession, having served his apprenticeship under Mr. George W. Kessler, of this city, and had not been in good health for about three months past. He is also survived by one brother, Olin K., and one sister, Mrs. Juniata Bell, wife of the Rev. J. Ellis Bell, pastor of the Eighth avenue Methodist Episcopal church of Altoona. To the sorely afflicted father and other relatives the sympathy of their many friends will be extended.

In Memory of Joseph Kitchen.

The following resolution of respect to the memory of Joseph Kitchen, was adopted by Dr. George L. Potter Post, No. 261, Milesburg, Pa.:

WHEREAS, By the will of our Heavenly Father our beloved Comrade has been taken from our midst; and,

WHEREAS, Dr. George L. Potter Post, No. 261, G. A. R., has lost a good and efficient member, and the country one of the noble band of defenders. Therefore, be it

Resolved, That we extend our sympathy to the family and relatives of our deceased comrade in this their hour of affliction. May they find comfort in Him who alone can all their sorrows heal.

Resolved, That a copy of these resolutions be spread upon our minutes; that our charter and the comrade's chair in the post room be draped in mourning for thirty days; that a copy of these resolutions be presented to the family of the deceased and that they be published in the county papers.

"Wrapped in the flag he so nobly defended,
Laid to his rest by his comrades in blue.
His a devotion known only to heroes,
His the reward of the Brave and the true."

A BRILLIANT AFFAIR.

The High Tea Given by Mrs. Spangler Tuesday Afternoon.

One of the most charming and brilliant society events that has occurred in Bellefonte for many a day took place at the residence of Col. J. L. Spangler, on Allegheny street, on Tuesday afternoon, it being the occasion of a high tea given by Mrs. Spangler in honor of Mrs. Hastings, wife of Governor D. H. Hastings, who is now in Bellefonte for the first time since going to Harrisburg for the inauguration on January 12th.

A large number of invitations had been sent out and during the two hours from 3 to 5 o'clock, that the reception was held, hundreds of fair ladies in handsome and bewitching costumes thronged the spacious parlors of the Spangler residence. The parlors were decorated with the hand of an adept and the eye of an artist. Potted plants in great profusion were arrayed in most charming abandon on tables, mantle and window seats, while large palms, in all their stately magnificence lent their beauty to the scene. In the dining room wreaths and hangings of smilax adorned the walls and chandliers, and the soft mellow light streaming through the handsome colored glass globes, gave the whole an effect of oriental splendor and beauty, while the dainty tables, rich in cut glass and shining silver, were as beautifully adorned with hugh boquets of cut flowers in which the fragrant carnation, in pink and white, predominated.

The many guests were admitted by a colored waiter in full livery and were then conducted to the toilette rooms on the second floor by Master Brisbin. From here they descended to the parlors where they were received by the guest of the occasion, Mrs. Hastings; and Mrs. Spangler assisted by Mrs. D. L. Krebs, of Clearfield; Mrs. George W. Jackson, Mrs. Louisa Bush and Mrs. F. W. Crider. Of course, all these ladies were dressed most bewitchingly. Mrs. Hastings wore the dress worn at her Harrisburg reception, a cream silk, satin and moire striped, with square neck and trimmed with chiffon lace, caught here and there with diamonds. Mrs. Spangler's costume was pink brocade trimmed with velvet. Mrs. Jackson was arrayed in ashes of roses silk and wore pearls. Mrs. Crider's dress was a heliotrope silk and velvet and Mrs. Bush was dressed in black satin. The hostesses for the occasion were Mrs. W. F. Reeder, Mrs. W. F. Reber, Mrs. W. L. Malin, Mrs. S. M. Buck, Mrs. L. T. Munson and Mrs. Callaway, all wearing charming gowns and moving with easy grace and pleasant familiarity. At the tea tables the Misses Holliday and Miss Smith, in pink and white, presided, pouring savory tea and chocolate and dispensing light refreshments consisting of rolled bread and butter, sandwiches, olives and pickles, ice creams and water ices, fruit cake, sponge cake, lady fingers and maccaroons. All in all it was a pronounced success of a most enjoyable and brilliant reception to the first lady in the Keystone State.

To-day Mrs. Hastings dined with Mrs. W. F. Reeder and this afternoon, from 3 to 5 o'clock, Mrs. Reeder is giving a "thimble party" to a large number of guests.

Death of Mary Eckley.

On Tuesday afternoon at 6 minutes past 2 o'clock the spirit of Mrs. Mary, wife of William Eckley, of Reynolds Avenue, took its flight from its earthly tenement of clay into the land that knows no parting. Mrs. Eckley had been ill for a number of weeks, but on last Sunday she was stricken with paralysis and thus brought to the very door of death, only to linger a few days until the final summons "home." Deceased was aged about 50 years and was an upright, Christian lady, much loved and respected by all who knew her. She is survived by an aged and affectionate husband.

The funeral will take place Friday afternoon at 2 o'clock.
